Revinate shall process Customer Data provided by Customer for the purposes set forth in the Agreement and only in accordance with the lawful, documented instructions of Customer, except where otherwise required by applicable law. Revinate may have a separate right to process certain Personal Data: (a) if Revinate receives the same guest Personal Data from multiple customers, and (b) if Revinate has a direct relationship with a data subject and is a controller of that Personal Data.

4.3 Security Incidents. Upon becoming aware of a Security Incident, Revinate shall notify Customer without undue delay and shall provide such timely information as Customer may reasonably require to enable Customer to fulfill its data breach reporting obligations under Data Protection Laws. Revinate will take steps to immediately identify and remediate the cause of such Security Incident if caused by Revinate.

5 EEA and UK-Specific Processing Terms

5.1 Processing in Accordance with EU Data Protection Law. Customer may be the controller of Personal Data or a processor. Revinate will act as a processor or sub-processor, as appropriate. Each party will comply with the obligations that apply to it under EU Data Protection Law. Revinate will promptly inform Customer if it becomes aware that processing requested by Customer infringes EU Data Protection Law.

5.2 Sub-processors. Customer agrees that Revinate may engage Revinate Affiliates and reputable third party subprocessors (collectively, "Sub-processors") to process the Personal Data on Revinate's behalf. The Sub-processors currently engaged by Revinate and authorized by Customer are listed at Revinate's Sub-processor web page (the "Sub-processor List"): <https://www.revinate.com/subprocessors>. Revinate will inform Customer of any intended changes concerning the addition or replacement of Sub-processors and within ten days after being notified of the engagement of the Sub-processor, Customer may object to such changes on reasonable grounds relating to the protection of the Personal Data. In such case Revinate shall have the right to cure the objection through one of the following options (to be selected at Revinate's sole discretion): (a) Revinate will cancel its plans to use the Sub-processor with regard to Personal Data or will offer an alternative to provide the Services without such Sub-processor; or (b) Revinate will take the corrective steps requested by Customer in its objection (which remove Customer's objection) and proceed to use the Sub-processor with regard to Personal Data; or (c) Revinate may cease to provide or Customer may agree not to use (temporarily or permanently) the particular aspect of the Services that would involve the use of such Sub-processor with regard to Personal Data. Objections to a Sub-processor must be submitted to Revinate by following the directions set forth in the Sub-processor List. If none of the above options are reasonably available and the objection has not been resolved to the mutual satisfaction of the parties within 30 days after Revinate's receipt of Customer's objection, either party may terminate the Agreement. Customer will not receive a refund of any unused prepaid fees on such termination and if fees remain unpaid for a subscription term Customer will immediately pay the remaining balance due for the remained of the subscription term.

5.4 Emergency Replacement. Revinate may replace a Sub-processor if the reason for the change is beyond Revinate's reasonable control. In such instance, Revinate shall notify Customer of the replacement as soon as reasonably practicable, and Customer shall retain the right to object to the replacement Sub-processor pursuant to Section 5.3 above.

5.5 Transfers Outside the EEA. Revinate may not transfer Personal Data to, or process such data in, a location outside of the EEA without Customer's prior written consent (in each case a "Transfer"). Upon termination or expiration of the Agreement, Revinate shall, upon customer’s written request and in accordance with the terms of the Agreement, delete or make available to Customer for retrieval all relevant Personal Data (including copies) in Revinate’s possession. Notwithstanding the foregoing, Revinate may retain copies of Personal Data that cannot reasonably be returned, destroyed or deleted, such as email back-up records, back-up server tapes and similar automated record-keeping or other retention systems. The receiving party shall: (a) continue to extend the protections of this section to such Confidential Information and limit further use and disclosure of such Confidential Information to those purposes that make the return or destruction of such Confidential Information infeasible, and (b) comply with the preceding paragraph as soon as permitted under applicable laws or recipient’s internal record retention policy.
